Forecast For Wales
Issued by Met Office Exeter
at 0400 on Tuesday 25 May 2021

++ Valid for broadcast between 0600 and 1800

Headline:
Sunny spells and scattered showers.

Today:
A largely dry start with emerging sunny spells and a few scattered showers developing through the morning. Through afternoon, sunny spells continue with the chance of a few showers. Showers most frequent in the south. Maximum temperature 15 deg C (59 deg F).

Tonight:
During the evening, showers gradually fade with clear spells developing widely. Overnight, remaining dry with lengthy clear spells and light winds. Minimum temperature 2 deg C (36 deg F).

Wednesday:
Largely dry with sunny spells through the morning. Turning cloudier in the north into midday with perhaps the odd shower but remaining bright further south. Brighter for all through evening. Maximum temperature 18 deg C (64 deg F).

Outlook for Thursday to Saturday:
Sunny spells on Thursday, but turning cloudier in the west, with perhaps some rain. Cloudy in far west, brighter further east during Friday. Sunny spells throughout Saturday. Temperatures becoming warmer.
